ReFa CARAT RAY

Breathing Life into Beauty

There is more to beauty than what we touch and see.

Life in itself is a thing of beauty. More than a state of mind, beauty is a reflection of the soul. Beauty is defined by what we are and breathes with a life all its own.

Whether we are aware of it or not, beauty is an existence that touches us all.

ReFa is all about helping to shape and nurture that life to its fullest potential.

It represents a commitment to continually redefine the beauty culture into one that is dramatic and uniquely our own.

Let ReFa be the beginning of an unprecedented experience that reawakens the beauty pulsating in every inch of your body.

Deep kneading motion.
A sensational way to guide
your skin to brilliant beauty.

ReFa CARAT RAY

A flowing, streamlined form that fits in your hand. In addition, the design features a larger solar panel for generating “microcurrent”^{*1}.

The Double Drainage^{*2} Rollers grip and glide to replicate the “kneading” manipulations that help firm and tighten your skin to brilliance.

^{*1} Compared with ReFa CARAT

^{*2} Drainage is a technique that estheticians often perform, and is not meant to express any effect the product has on your body.
